TECHNICAL DATA SHEET

Fast Slip MFQ-FSL801

Product Description

- MFQ-FSL801 is an efficient slip agent for film and injection molding applications.
- MFQ-FSL801 decreases the COF (coefficient of friction) and improves mold releasing, and in some applications, it could contribute in the anti-blocking effect. Due to fast blooming, the slip property is improved rapidly. As per any other Slip additive, excessive additions might affect Corona treatment efficiency for printing.
- MFQ-FSL801 contains special anti-oxidants to help processing and final product protection.

General Properties

Forms	• Granule/Pellets
Color	• Natural

Technical Specifications

Carrier Resin	• PE
Thermal Stabilizer	• Yes

ATTENTION

- **Dosage:** 0.5% to 2% in film, depending on final application and thickness.
- **Lifetime and Storage:** Not to exceed 8 months. Keep in cool and dry place under shelter for long periods.

* This product is packed in PP woven bags, each weighing 25 kg.
