

DATA SHEET

Slip Additive SL-O

Product Description

- SL-O is a refined vegetable oil based Oleamide. SL-O is a slip agent for Polyolefins.
- SL-O is a high purity-fast blooming Oleamide, suggested as a slip additive in polyolefins.
- A very small use of 0.1% SL-O will impart required slip properties to Polyolefin films used for high speed packaging applications.

General Properties

Forms	• Beads/ microbeads
Color (Gardner Index)	• ≤ 2.0

Technical Specifications

Amide Content	• 98.0% min
Iodine Value	• 80 - 95
Acid Value	• 1.0 max mgKOH/g
Melting Point	• $73 \pm 5^{\circ}\text{C}$
Moisture	• 0.25% max

ATTENTION

- **Lifetime and Storage:** Lifetime and Storage: Store in a cool, dry place. Long-term storage above 35°C may cause caking. Shelf life up to 12 months under recommended conditions.
- **Suitable for indirect food contact applications.**

* This product packed in PP Woven bag of 25 kg each.
